Sampler Program

A COST-EFFECTIVE WAY TO REACH INDEPENDENT PHARMACIES

Promote your brand to over 10,000 independent pharmacists

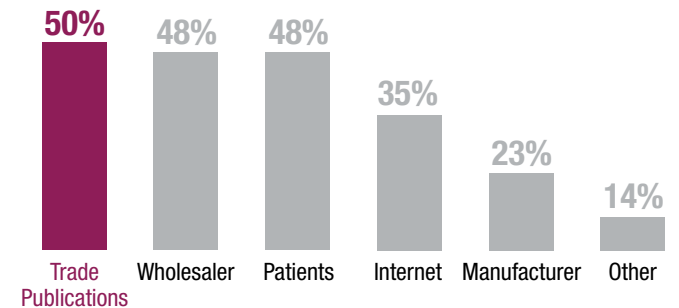

With no “corporate office,” independent pharmacists make buying decisions for their front ends every day. To cost-effectively market to this unique channel, take advantage of HRG’s retail communication offerings – proven vehicles that CPG manufacturers large and small have relied on for 10+ years.

The majority of independent pharmacy shoppers surveyed said the **biggest factor** in their **purchase decisions** for non-prescription products **is the pharmacist's recommendations.**

of independent pharmacy shoppers surveyed indicated that their typical **source of product information is pharmacy staff.**

Independent pharmacists surveyed said the **most common way they learn** about new OTC products **is from trade publications.**

Don't miss out on this **\$78.5 billion marketplace!***

*2022 NCPA Digest. Source for all charts on this page: [HRG, Independent Pharmacy Research Study report](#), January 2021.

FACT: It takes 6-8 touch points before a prospect will make a buying decision.*
Ensure your product is influencing the influencers!

“ HRG is our go-to partner when we want to reach independent pharmacies. We have advertised in *IN.depth* for several years because we believe it is an effective publication. We’ve also worked with HRG on direct mail and eBlasts to get our message in front of independent pharmacies several times, several ways. We have confidence in the HRG team and enjoy working with them.

”

Lynn McGeough
Customer Sales Manager
GSK Consumer Healthcare

“ I have worked with HRG for 6 years while working in the sales organization at The Mentholatum Co.. I have found the HRG team to be very responsive to Mentholatum Co.'s client needs while improving the depth of our product distribution and driving incremental sales for our brands. They are knowledgeable, helpful and assist with the planning of my business in the independent pharmacy channel. I find their programs to add value, and they are efficient at reaching our brand's target consumer. If you are not currently working with HRG, I highly suggest your company consider doing so. ”

Curt T. Yeffich
Team Leader
Tier I Customers
Mentholatum Co.

EMAIL MARKETING

eBlasts

Measurable and interactive approach to influencing 10,000+ independent pharmacies.

HRG's eBlast program features fully-customized designs, multiple sends, and tangible ROI.
Our open, engagement, and total click-through rates* routinely exceed our customers' expectations.

UNIQUE
OPEN RATE

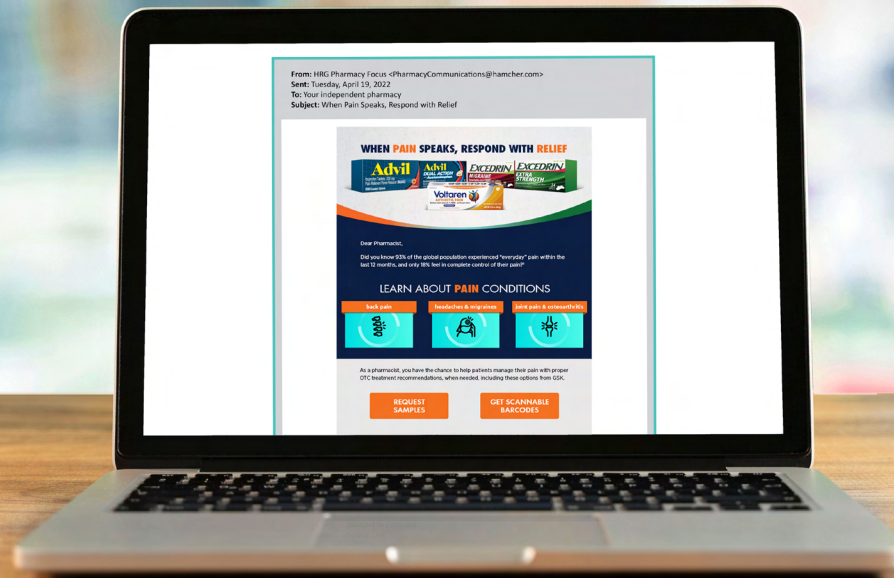

34%

ENGAGEMENT
RATE

32%

TOTAL
CLICK RATE

10%

Data analytics provided

TOTAL OPEN RATE

How many times the eBlast was opened.
 Calculation = The total number of times the campaign was opened divided by the number of successful deliveries.

UNIQUE OPEN RATE

The number of individual recipients who opened the eBlast.
 Calculation = The number of recipients who opened divided by the number of successful deliveries.

TOTAL CLICK RATE

How many times any links were clicked. Can vary based on if the call-to-action involves links or if the links are more for support.
 Calculation = The total number of times any links were clicked divided by the number of successful deliveries.

UNIQUE CLICK RATE

The number of individuals who clicked on at least one link. Can vary based on if the call-to-action involves links or if the links are more for support.
 Calculation = The number of recipients who clicked on any link divided by the number of successful deliveries.

ENGAGEMENT RATE

A higher engagement rate means more of the individual recipients have clicked multiple links or more than once.
 Calculation = The number of total clicks divided by the number of unique opens.

CLICK-TO-OPEN RATE

Can indicate how effectively the email message, design, and/or content drove recipients to take action.
 Calculation = The number of unique clicks divided by the number of unique opens.

TOTAL CLICK-TO-OPEN RATE

A higher TCTO means that more of the recipients have both opened and clicked through your messages more than once.
 Calculation = The number of total clicks divided by the number of total opens.

CLICK-THROUGH RATE PER URL

Helps gauge interest in individual URLs.
 Calculation = The percentage of total clicks on a specific URL to recipients exposed to the URL (unique opens).

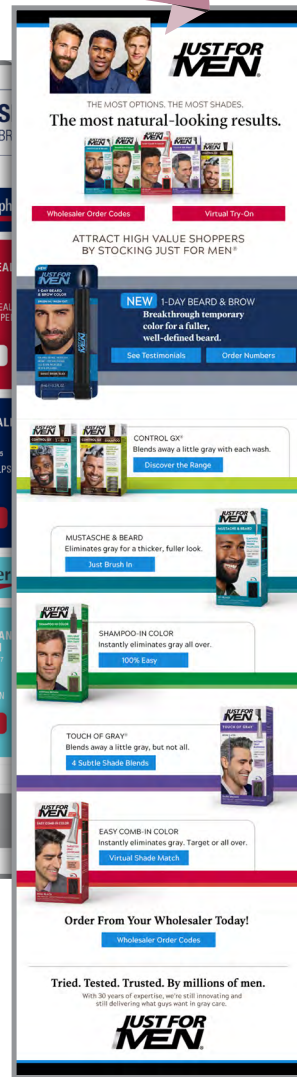

Analytics reporting provided both 24 hours and 7 days post deployment of eBlast, plus combined totals provided post reBlast.

POG Vignette	\$500 - \$1,000
Survey creation utilizing SurveyMonkey	TBD
Sample fulfillment (special quote)	TBD

*Second send deploys to non-openers only.

FAQs

Q: What types of links can I include in an eBlast? What do other manufacturers typically do?

A: Any links can be included, though we would help you strategize which links would be best depending on your goals. Examples are home pages, product-specific landing pages, sell sheets, forms, and/or sign up forms for samples or other promotional items.

Q: How can I tell how many products were sold as a result of the eBlast to measure success of message and/or offer?

A: Standard analytics include open, click, and engagement rates (see page 11); however, if additional movement data is desired, a separate quote is required.

Q: How soon is the reBlast scheduled after the eBlast is deployed?

A: With a few exceptions, this is our typical eBlast/reBlast scheduling:

- All eBlasts will be scheduled to deploy Tuesday, Wednesday, or Thursday
- All Tuesday eBlasts will have their reBlast assigned the Friday of the following week
- All Wednesday eBlasts will have their reBlast assigned the Saturday morning of the following week
- All Thursday eBlasts will have their reBlast assigned the Saturday afternoon of the following week

Q: What is the timeline for eBlast submissions, and what are the content creation guidelines?

A: If you choose to create the eBlast, it's about 7 weeks to send from when we receive your first draft. If we create the eBlast, it's about 10 weeks from the kickoff to deployment.

Q: I want my team to create the eBlast, what are the specs?

A: Your HRG business development manager can provide our Technical Specs Guide.

Q: What percentage of the independent pharmacists that receive these eBlasts have access to McKesson, Cardinal, and AB ordering systems?

A: Approximately 75-80% of the receiving pharmacies order from one of those three wholesalers.

Q: Can additional content be added like scannable bar codes, sell sheets, planogram examples, etc.?

A: Yes, and we can help create these items if you don't already have them. Please see our à la carte options on page 12, or reach out to your business development manager.

Q: Are their other mailing lists available besides retail independent pharmacies?

A: Yes, we can target a group of institutional, long-term care, and clinic pharmacies (5,000+ doors), specialty pharmacies, and regional pharmacies (to include grocery and some chains).

DIRECT MAILERS & CAMPAIGNS

Micro-target retailer locations based on geography, demographics, regional preferences, proximity to healthcare professionals, and more... or send to our entire vetted list (up to 20,000+)!

Direct mailers dedicated to your brand(s) can provide the right amount of “real estate” you need to convince stores to stock and recommend your items. Here are some key reasons to add direct mailers to your independent pharmacy initiatives.

Options

Style	Great for	Style	Great for
Self-mailers: postcard, bifold, trifold, rollfold, etc.	Communicating about 1-3 brands	Envelope mailers	Sharing multiple communication pieces and in-store tools
Brochure-style self-mailers	Communicating about multiple brand families	Parcels	Distributing samples or other dimensional items

Communicate complex messages

- ✓ UPC conversions
- ✓ Line extensions
- ✓ Product relaunch
- ✓ Rx-to-OTC switch
- ✓ Branding or packaging updates
- ✓ Competitive advantages
